good for English fans, lot of county coverage and all interviews get repeating, so it's not good for any one, misleading title 0 of 0 people found the following review helpful. Outstanding By John Marks One of the funniest books around this appeals to all cricket fans. A lot of the banter here is new stories unheard of in this genre and had me laughing all evening. With some outstanding interviewees such as Jason Gillespie and Mike Gatting this is an absolute classic and will make a great present for any cricket lover. Highly recommended and donates to a great cause.

Cricket Banter is all the rage among the cricketing cognoscenti and the chat, the sledging, and the humor behind the game is all covered here by those boys at The Middle Stump, in conjunction with Factor 50. Here we cover most aspects of cricket, as we speak with some of the finest, funniest, larger than life characters from the sport over the last 30 years, along with a selection of hilarious stories about the game. It's a highly amusing book; read it and you'll see why most cricketers, whether from club, county, or international level, as well as the sport's most prominent journalists are all talking about those cheeky chaps from The Middle Stump and their alternative take on the game of cricket.

About the Author Dan Whiting and Liam Kenna are the brains behind The Middle Stump, a popular and amusing cricket blog and a growing Twitter presence. Both are local cricketers and their writing displays a broad knowledge of the sport as well as a talent for comedy. This is their first book. They both live in Hertfordshire.
