Quality-both physical and content are below averageBy InquisitiveFirstly, the quality of the physical book wasn't 100%. The back cover was bent and looked old. The book wasn't written very well. Besides the grammatical errors the content wasn't as entertaining as I would've liked. Overall this was a bad purchase.

Cricket's Strangest Tales is a fascinating collection of cricketing weirdness—and there's a lot of it to choose from! Within these pages you'll find a game that was played on ice, meet a plague of flying ants who failed to dampen players' enthusiasm, and examples of the grand old tradition of one-armed teams versus one-legged teams. The stories in this book are bizarre, fascinating, hilarious, and, most importantly, true. Fully revised, redesigned, and updated with a selection of new material for 2016, this book is the perfect gift for the cricket fanatic in your life.
