Wonderfully witty!By JohnFull disclosure, I met Tony Heller and his beautiful wife while vacationing in Ireland. This slender book is almost as witty and irreverent as

he is in real life. Reading it in one sitting induced belly laughs and tears-this is pure joy.1 of 1 people found the following review helpful. WILL KEEP YOU LAUGHING OUT LOUD FOR DAYS!By boulderkidThis is the funniest book I've read in years. It is also full of cooking and other wisdom for an 'unwifed' man. The perfect holiday gift for anyone with a sense of humor who's seeking to improve their culinary skills...

Retired cinematographer, horseman, soldier, airman and yachtsman faces a crisis when left for two weeks by his magnificent wife. He uses survival techniques to cook and cope and shows how it can be done.
