**Ray Poritsky PhD : Cross-Sectional Anatomy to Color and Study, 1e** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cross-Sectional Anatomy to Color and Study, 1e:

3 of 3 people found the following review helpful. this can't be the right price-you might want to re evaluate.By ljcouch This cannot be the right price for this product. it should be about \$10. but the product is excellent- very good for studying mri registry.0 of 0 people found the following review helpful. PRICE???By Monty Ell This is an outrageous price for a anatomy coloring book from the 90's. Is this right? Maybe want to review this.

This text presents cross-sectional anatomy in an interactive way. Each cross-section is illustrated by an easy-to-understand drawing, and by reading about and colouring the structures they can be learnt and remembered. Etymological cartoons explain the derivation of terms.
