John Austin : Cubicle Warfare: 101 Office Traps and Pranks before purchasing it in order to gage whether or not it would be worth my time, and all praised Cubicle Warfare: 101 Office Traps and Pranks:

4 of 4 people found the following review helpful. A Fun ReadBy J. FaurotI wouldn't recommend that anyone necessarily actually go through with the stunts described in such detail in this book, but it was certainly fun reading it and fantasizing about what kinds of reactions this type of "warfare" would elicit. Anyone who works in a traditional cubicle-style office space would appreciate the potential for all the suggested "practical" jokes and accompanying

diagrams and illustrations. 0 of 0 people found the following review helpful. Fantastic quick read to take the edge of any workday boredom, and great prank ideas if you work with buddies who won't mind. By Fawn A. I bought this as a gift for my coworkers (fellow cubicle worker), as he has a fantastic sense of humor and is always think of what would be funny to do...if we dared do it. This author came-up with fantastically creative ideas for pranks in the office, and even ranked them according to difficulty level. While my coworker and I have not dared to actually try any of the pranks, given the conservative nature of our workplace, the book makes for a quick fun read to take the edge off when work is becoming cumbersome and you need to imagine a little levity. My only criticism is that a couple of the pranks could probably get you arrested if someone got sensitive, and would almost definitely get you sent on a visit to Human Resources. Still, I'm glad my coworker shares it with me, as it is always fun to think "What If..." with someone else's creative ideas. 0 of 0 people found the following review helpful. Great fun for casual Friday By Richard J Barniak It was a gift for a friend who is now armed with the tactics and methods needed to escalate her cubicle conflict. She loves the book.

Get revenge on all your annoying coworkers with this guide to 101 awesome office pranks Are your eyes beginning to glaze over from the fluorescent lights in your tiny cubicle? Have you had one too many burnt cups of coffee? Does the guy in the cube next to you insist on pencil-drumming while cranking "Hells Bells" and five-finger discounting your paper clips? If your answer to any of these questions is yes, then you're in need of some Cubicle Warfare. With Cubicle Warfare, you'll never be bored at the office again. Make your coworkers jump, squeal, and run for cover with hilarious pranks such as the Paper Clip Chain, Bottomless Box, and the Sticky Note Office, as well as the more advanced Freezer Bomb, Chair Chaos, and Textless Keyboard. Even if you're not a prankster yourself, you can still use this riotous guide to recognize the warning signs and defend your desk from conniving coworkers. Bad days at the office will be a thing of the past.

"A fiendishly clever guide to harrasing unsuspecting co-workers." (New York Post) About the Author John Austin is a former toy designer for Hasbro in their Boys Research and Development Department. He spent his college years at the University of Wisconsin, Stout, terrorizing his friends with one hysterical prank after another. The author of Prank University, he lives in Wisconsin with his unsuspecting wife.
