Have you ever sat in your cubicle and dreamt of life beyond the three cardboard walls? Been awoken by your alarm

clock and had to resist the urge to throw it across the room? Had to navigate the lunchroom, the conference room, the bathroom with style and grace until 5 pm Friday finally arrived? Then this book is for you. Livingston, a former 9-to-5er, encapsulates the many charms of office life with a wit that will leave you wondering why you didn't consider leaving Corporate America before. Cause if you can't laugh about being chained to a desk 40 hours a week for 40 years of your life, what can you laugh about?
