I have had so much fun coloring the dog pictures in it. There are 40 dogs and puppies and they are just adorable. The author Alex O'Connell sure knows how to bring out the dogs personality in his drawings. I sometimes think outside the box, so I colored a picture outside the box and still loved the way it turned out. The pictures are so unique. I love the paper they are printed on. The paper is thick and not slick smooth, but smooth. I like a coloring book that is going to challenge me. I also like coloring a page that is going to take longer than just a few minutes. These dogs are so detailed they do take a little bit of time, depending on how you color them. I believe this to be a very relaxing and easy but intricate (detailed) coloring book. The book's only down

fall for my preference is the pages are not perforated. I like to be able to tear them out. However, my gel pens don't go through the page. They are only printed on one side. I like that to as there won't be any wasted pictures. I would recommend this book to all dog lovers, as well as coloring enthusiasts. I am very happy with my book and would highly recommend it to all coloring addicts. This is a must have coloring book. Another great thing about this book is if you go to the website they provide in the book, you can get more coloring pictures (FREE). What a great added Bonus!!!6 of 6 people found the following review helpful. Wonderful adult coloring bookBy Ray MinorThis is my first purchase of adult coloring book and didn't know what to expect. I love this coloring book!!By Gilbert S. PittmanI love dogs and I have started to love coloring again. I have been coloring in the adult coloring books for about 2 years now. I don't color a lot but I enjoy the time I have to do it. When this book came I was excited to see the pictures. They are nice crisp, beautiful dog pictures waiting to be colored. I love it! I found a page I wanted to start with and I began coloring with markers. The pages are thick and I had no color go through. I just lost myself for a few minutes coloring in the dogs. This is really a nice coloring book. I have already ordered a second one for my sister. This is a great gift for any dog lover and "artist". I am very pleased with this coloring book and I would highly recommend it to anyone! There are even a few pages that I believe kids could color in well.
