By Darcia Helle Feeling grumpy? Overwhelmed? Irritated? Take a break, grab this book, and you'll find yourself smiling whether you want to or not. This book reminds me of a child's picture book, as far as size and paper quality. The pages are thick, so they don't tear easily. The cover is sturdy, like a hard paperback or a soft hardcover. Each page throughout is an excellent quality, full-color photograph, with the caption placed somewhere over the photo. The majority of photos are dogs and cats, but there are also monkeys, rabbits, pandas, and a variety of other animals. This book definitely has a major cute

factor. Some of the photos and captions had me giggling. All of them gave me a reason to smile. This is a perfect book to have on a shelf for those moments when you need a distraction. It also makes a perfect gift for friends and relatives, especially the grumpy ones. *I was provided with a copy of this book by the publisher, via Blogging For Books, in exchange for my honest review.*

Puppies in sunglasses. Sleeping kittens. A hedgehog in a teacup. If the thought of animals in adorable situations makes you feel just a little bit happier, then *Cute Emergency* is the book for you. Based on the popular Twitter feed, it is the antidote to all of life's little annoyances. Not even the coldest curmudgeon could stay frazzled when faced with the heart-melting animals and witty captions contained in these pages. So fulfill your recommended daily allowance of cuteness and let furry creatures come to your rescue!
