**Meg Frost : Cute Overload Wall Calendar 2016** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cute Overload Wall Calendar 2016:

I bought this calendar for the kids and, unfortunately, they really love it. I knew they discovered it on the wall when I heard, "Awww, this is so cute. Where did it come from?" And, "Oh, look at this one. Oh, it's so cute!" So, yes. Full on cuteness wrapped up in a calendar. The down side is that the kids like to admire the calendar...all...the...time...to the point of nearly being late for school or not getting their teeth brushed or anything. In order to have a functional calendar in the house that doesn't distract the children, I may have to spring for a new one. Know where I can find a vegetable of the month calendar? 1 of 1 people found the following review helpful. I mean, look at that face! By dlj Could not be cuter! It is a little large for my desk area, so I got the Cute Overload mini-calendar, which is perfect. The large one will be displayed in my bedroom to start the day with cuteness. 0 of 0 people found the following review helpful. great calendar By Customer Daughter loved it, hanging on wall, but guinea pig fan so perfect

OMG—so cute! This is the calendar that takes adorableness to the extreme, based on the blog that “offers a sunny break” (CNN) every day. Each month’s spread features an irresistible full-color animal photograph: a fox having a stretch, a pair of lovable elephants, an otter with its tiny tongue peeking out. Not to mention floppy-eared bunnies, redonkulously cute puppies, and a penguin who just wants a hug. Each is the embodiment of a rule of cuteness, like a

kitty striking an aw-shucks pose (Rule of Cuteness #6: Looking helpless is cute).
