Great Read with Great art!By Green_Eyed_BanditBook is drawn and written very well and works very well as an origin story for those with no background on the CVO series.0 of 0 people found the following review helpful. Great book.By MonsterNot sure what that Lightbearer reviewer was crying about, but this is a very

good series. I gotta admit, it was much better than I thought it would be.

American intelligence services have a secret weapon — and it has fangs! This volume collects the original graphic novella that introduced CVO — vampire operatives who spy for the United States, dealing with the most dangerous global threats, plus a spine-tingling tale of an incredibly ancient artifact and a disappearing colleague that lead CVO toward an encounter with a deadly trio.

About the Author Alex Garner worked as an artist for Wildstorm Production since 1993 through 1999. During that time, he has become one of the most popular comic book artists of the last decade and has worked on two of the best-selling comic books of the 1990's - Gen13 and Danger Girl.
