his pedestal of private equity self-absorption, showers us with anecdotes of wealthy excess amongst Wall Street twenty-somethings. He provides various guises, to women, fashion, and music, but also stratifying America's top universities value to Wall Street. Unabashedly solipsistic but undeniably enjoyable. 0 of 0 people found the following review helpful. This is a dumb book. If you are looking for dumb By Becky Narvaez This is a dumb book. If you are looking for dumb, you'll like it. 4 of 4 people found the following review helpful. Absolutely Hilarious!!! By cdub This book is absolutely hilarious, every chapter is gold! You have to take everything this guy is saying with a grain of salt, the author is actually not a banker but lived with a bunch of them so it is very satirical, but hysterical nonetheless. It is impossible to put down. It will have you laughing from start to finish!

In one word: egregious. *Damn It Feels Good to Be a Banker* is a Wall Street epic, a war cry for the masses of young professionals behind desks at Investment Banks, Hedge Funds, and Private Equity shops around the world. With chapters like "No. We do not have any 'hot stock tips' for you," "Mergers are a girl's best friend," and "Georgetown I wouldn't let my maids' kids go there," the book captures the true essence of being in high finance. *DIFGTBAB* thematically walks through Wall Street culture, pointing out its intricacies: the bushleagueness of a Men's Warehouse suit or squared-toe shoes, the power of 80s pop, and the importance of Microsoft Excel shortcut keys as related to ever being able to have any significant global impact. The book features various, vivid illustrations of Bankers in their natural state (ballin'), and, in true Book 2.0 fashion, numerous, insightful comments from actual readers of the widely popular website *LeveragedSellOut.com*. Thorough and well-executed, it's lens into the heart of an often misunderstood, unfairly stereotyped subset of our society. The view--breathtaking. Reader Responses "After reading this clueless propaganda, I strongly believe that you are a racist, misogynist jerk. FYI, Size 6 is not fat." --Banker Chick "Strong to very strong." --John Carney, Editor-In-Chief, *Dealbreaker.com* "I used to feel pretty good about making \$200K/year." --Poor person
