Good for a quick laughBy SparkleSplashI have read all both of the Damn You Auto Correct books. This one was funny, but not as funny as the first one. There were only one or two that really made me laugh out loud, whereas the first one had me laughing the entire book. It is great for a one-time read, but I don't think I would ever pick it up again.0 of 0 people found the following review helpful. HilaruosBy CustomerThis book is hilarious! I haven't laughed so hard in a long time! I love reading autocorrect fails, and this book didn't disappoint.

You are not alone. This brings together more of the laugh-out-loud funny and painfully embarrassing posts from damnyouautocorrect.com, which highlight the hilarity that often ensues when text messaging goes wrong. This second volume of epic autocorrect fails is packed with never-before-seen content, as well as the most cringe-worthy posts from the site.
