As a parent I really enjoyed them, especially seeing how parents cope with the outrageous, silly, and sometimes annoying things kids do. My kids (ages 13, 12, and 9) really like reading the stories also, and seeing they are not the only ones that do silly and sometimes stupid things. GREAT BOOK! 0 of 0 people found the following review helpful. Family Fun By D Lucero This was my favorite of the two volumes that I own. Great for sharing with younger generations. It provides easy reading, short stories in a family friendly context. The best part of all is the laughter. Thank you, Mr

Romero, for sharing your stories and those of others like you.0 of 0 people found the following review helpful. Really FunnyBy CustomerVery Funny stories. Makes you realize what the term "scarred for life" means. I enjoyed every story in the book, it is nice to see that everyone has similar experiences while growing up. I totally recommend reading this book.

Everybody has a story. And every story has a lesson. This anthology is a collection of true-life humor and mishaps told by people from all walks of life.
