Edward Gorey : Dancing Cats and Neglected Murderesses before purchasing it in order to gage whether or not it would be worth my time, and all praised Dancing Cats and Neglected Murderesses:

3 of 3 people found the following review helpful. CuteBy Jaime HayesNot my favorite Edward Gorey book but it's cute and clever, as you would expect from Gorey. However, these are not stories, it is just a collection of drawings with clever titles/ descriptions.14 of 14 people found the following review helpful. A placidly homicidal terpsichorean feline romp, in two partsBy mhicks@fas.harvard.eduThis surreal little volume allows one to wander through increasingly subversive snippets of two seperate(?) topics, at once both unnerving and delightful in their irreverent seriousness. The sections of the book, specified in the title, diverge in feeling as well as content: the dancing cats serving as the light side to the darker, and more snidely witty foray into the realm of neglected murderesses. As always, Gorey's spindly, expressive drawings are at the top of their form in completing the numerous shadowy verse vignettes that make up each half of the book.

First trade edition Toledano A77c . Illustrated by the author. Biographical sketch follows text. unpaginated. illustrated stiff paper wrappers. 16mo..
