Sherrilyn Kenyon : Dark-Hunter Ultimate Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark-Hunter Ultimate Coloring Book:

2 of 2 people found the following review helpful. An excellent coloring book with high quality artworkBy "Seregil of Rhiminee" This short review is based on the artwork contained within the covers of Sherrilyn Kenyon's Dark-Hunter Ultimate Coloring Book. Just like with Dark-Hunter Coloring Book #1, which I reviewed earlier, Dabel Brothers Publishing has done a big favour for fans and Menyons (die-hard fans) of Sherrilyn Kenyon by publishing this beautiful coloring book based on her Dark-Hunter series of urban fantasy novels with paranormal romance elements. In this coloring book, fans of the series will see many of their favourite characters presented in beautiful and detailed drawings that bring them to life. Although this coloring book will perhaps mostly interest fans of Sherrilyn Kenyon's stories and novels, I think it will also interest readers who appreciate high quality artwork and enjoy coloring urban fantasy-inspired drawings. Because there may be readers out there who are not familiar with the Dark-Hunters, I'll

mention a few words about them: The Dark-Hunters are immortal warriors who sell their souls to the Greek goddess Artemis for an Act of Vengeance against the one who murdered them. Once they had their revenge, they were dedicated to defending mankind against Daimons and other preternatural enemies. There are also Dream-Hunters, Were-Hunters and Hellchaisers. More information can easily be found on the internet. I don't normally review this kind of books, but I feel that the high quality of this coloring book is good enough a reason to review it. The artwork is beautiful and stunningly detailed, which is something that can't be said about many coloring books. I'm not an expert on coloring books, but I've noticed that certain coloring books feature bad and inferior artwork, which is one of the reasons why people should steer away from them. Fortunately, this coloring book is an exception among adult coloring books and people should, despite their possible prejudices towards coloring books, take a look at it. Because I've always found beautiful drawings and fine art captivating, I was impressed by the detailed artwork. All the body parts and physical attributes of the characters are magnificently highlighted in the drawings, but nothing is overdone. The animals and creatures also look gorgeous. Some of the drawings have an erotic feel to them, because they feature enticing eroticism that appeals to many readers who appreciate sensual art. The tiny details highlight the erotic nature of the drawings in a mesmerising way. Although there's eroticism in the drawings, everything has been done with good taste, because the artwork indicates respect towards the source material. As many of us are aware of, coloring books are not just for children anymore, because many adults have noticed that coloring black and white drawings is fun and surprisingly relaxing, because it has stress-reducing qualities. This coloring book offers people an excellent opportunity to take a break from what they're doing and gives them something beautiful to look at (whether you're a fan of coloring books or not, you'll find something to love in this book). My final words are: Sherrilyn Kenyon's Dark-Hunter Ultimate Coloring Book is an excellent coloring book with high quality artwork. It contains an amazing amount of realistic and beautifully drawn images that illustrate the physical aspects of the characters in a stunning way. If you enjoy coloring black and white drawings or want to look at beautiful drawings, you'll enjoy this coloring book, because you won't be able to resist looking at the images.

1 of 1 people found the following review helpful. NOT hardcover, Beautiful art, 46 pictures
By Nina Diab
The Dark Hunter Ultimate coloring book is FINALLY here! I'd pre-ordered it 10 months ago back in November of last year. Well worth the wait for such beautiful art! The cover is exactly as shown in the picture above, but this book is NOT in hardcover as described but softcover. I will upload the back cover and some inside art for you to see. The pages are standard 8.5 x 11 inches and the coloring book has 46 drawings for you to color in. I happy to say that this book has a better binding to it than the previous Dark Hunter coloring books released by Dabel Brothers. Those were simple staple-bound books, while this one looks like an actual book professionally bound. There is one drawing per page and the back (page opposite the drawing) shows the Dark Hunter symbol and tells you the name(s) of the character(s) in the drawing. There was some mention on Dabel's facebook page a while back about better quality pages for people who color with markers like I do rather than color pencils, but the pages in this book are not any thicker and are the standard quality pages. So if you plan to color with markers, I'd recommend putting a scrap page behind it to protect any color ink from seeping onto the next drawing. As for the art itself, it is beautiful. Two drawings are of Simi from Mikro Chasers in that more anime/cartoon style, but the majority are by Mel Joy San Juan whose art style is featured on the cover. Most of the art is new, but for those who follow Dabel Brother's Facebook page, you'll recognize several of the drawings as they have been uploaded there previously, like Ash with his kids, Apollymi, Ash, Styxx, and Zarek. I have the first 2 Dark Hunter coloring books that Dabel released, and the only drawings in this book that were also in those are a couple of Falcyn, Illarion, Blaise. For those of you who ordered the Acheron comic book, a few of those drawings are in here as well. Very happy with this purchase! I can't get enough seeing characters from Sherrilyn Kenyon's Dark Hunter world illustrated. Definitely recommend to all DH fans! I apologize for my photos being too dark and sometimes blurry. Took 12 photos that I combined into 6 in case there's a limit to how many photos I can upload in a review. :)

0 of 0 people found the following review helpful. Awesome drawings!
By amhouser
The artwork in this coloring book is amazing. I love the detail and the fact that the pages do not have anything on the back of them so you can color without having to worry about a marker bleeding through another picture! I color with markers so this is awesome for me! As a fan of Sherrilyn Kenyon's books the Dabel Brother really bring the characters alive through their artwork. Definitely going to have to check out the comics now! *I received the coloring book from the publisher for an honest review.

From the incomparable Sherrilyn Kenyon and artists of the Dabel Brothers, comes the ultimate coloring book combining the best images of Dark-Hunter, The League, and The Chronicles of Nick. Setting: Ancient Greece, Atlantis, Modern New Orleans and Nashville
Eleven thousand years ago a god was born. Cursed into the body of a human, Acheron endured a lifetime of hatred. His human death unleashed an unspeakable horror that almost destroyed the earth. Back against his will, he became the sole defender of mankind. Only it was never that simple....

"Kenyon is the

reigning queen of the vampire novel."--Barbara Vey, Publishers Weekly"An engaging read."?Entertainment Weekly on Devil May Cry (Kenyon)About the AuthorNew York Times and international bestselling author, Sherrilyn Kenyon, is a regular at the #1 spot. With legions of fans known as Menyons (thousands of whom proudly sport tattoos from her series and who travel from all over the world to attend her appearances), her books are always snatched up as soon as they appear on store shelves. Since 2003, she had placed more than 75 novels on the New York Times list in all formats including manga and graphic novels. Current series are: Dark-Hunter®, Chronicles of Nick®, Deadman's Cross™, Lords of Avalon® and The League®. Her books are available in over 100 countries where eager fans impatiently wait for the next release. The Chronicles of Nick® and Dark-Hunter® series are soon to be major motion pictures while Dark-Hunter®, Lords of Avalon® and The League® are being developed for television.
