Dave Barry : Dave Barry's Bad Habits: A 100% Fact-Free Book (Holt Paperback) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dave Barry's Bad Habits: A 100% Fact-Free Book (Holt Paperback):

0 of 0 people found the following review helpful. A great taste of early Barry By Dee Kaiser This is a lengthy collection of some very early Barry columns, when Dave was still residing in Pennsylvania. Not surprisingly, they all hold up

well over the passage of time. If you are in the market to buy one Dave Barry book that is not one of his novels, I would heartily recommend this one. 0 of 0 people found the following review helpful. Humor at its Best By Pamela Hengst True Dave Barry! If you are a fan of Barry's add this book to your collection. If you have never read Dave Barry this is a good place to start. Dave Barry helps me see humor in a world that is often way to depressing. 0 of 0 people found the following review helpful. Hilarious By Rachel As good as any of Dave Barry's works. My brother kept giving me dirty looks while I was reading this because I kept laughing out loud.

If you're not already acquainted--nay, infatuated--with the works of the man who the New York Times calls "the funniest man in America," you can get cracking right now with this all-time favorite collection of Dave Barry's humor columns. Dave Barry's *Bad Habits* won't rot your teeth, cause your insurance premiums to go up, or make your kids go cross-eyed if they sit too close to it. It will, however, make you laugh so hard your middle actually moves (the best exercise, and possibly the only kind you'll be interested in after forty). Here, preserved for all time, are Barry's profoundest musings on such topics as how to get kids to stop smoking (eliminate tenth grade), what to do if your car is making loud noises (turn up the radio), and a solution to the battle of the sexes (let the men do housework, say, for the next six thousand years to even things up). Together they serve to expose the little insanities of everyday life and assure us that we're not completely alone in a world gone mad.

.com "To most people, news means information about events that affect a lot of people. On local TV news shows, news means anything that you can take a picture of, especially if a local TV News Personality can stand in front of it." Dave Barry is the modern master of silliness; there's a party in his pen. While he's more recently branched out into books and magazine articles, the form where he shines brightest is the newspaper column. Dave Barry's *Bad Habits* is a cracking-good collection of his syndicated column taken from the early 1980s. And Barry at his best can stand among the greatest humorists America has produced. First of all, let me assure you that we are not in a depression. The key economic indicator of a depression is that you suddenly start seeing a lot of primitive black-and-white newsreel films of people wearing old-fashioned hats and overcoats and forming lines in the streets of major cities to obtain bread. So far, all the lines of people have been videotaped in color, which is the sign of a stable economy. Also, the people have not been lining up for bread. They have been lining up for cheese, which the government has several million tons of." When you're looking for a good belly laugh, sometimes only Dave Barry will do. Dave Barry's *Bad Habits* skates from topic to topic, always light, always rambunctious. For the dedicated fan, it's an essential volume; for the rest, it's yet more evidence that Barry is the Zen master of written mirth. --Michael Gerber "Bad Habits--funny book. Read it." ?Gannett News Service "Dave Barry is nothing less than the smart-aleck Peter Pan of American letters." ?the Seattle Times "Dave Barry is the guru of guffaws." ?the Atlanta Journal-Constitution "He has the ability to charm us with nonsense so compelling that it almost makes sense." ?Houston Chronicle About the Author A Pulitzer Prize-winning former syndicated columnist at the Miami Herald, Dave Barry is the author of many funny books, including *Dave Barry Talks Back* and *Dave Barry Does Japan*, and co-author of the young adult series *Peter and the Starcatchers*.
