There are times when I need to read something that will put me onto the floor rolling and laughing so hard my eyes are tearing up. This book will do just that. If you really want to have fun -- do an oral reading with a group of friends -- choose one section and try to read it aloud. Honestly,

you will not be able to get through it without breaking out into a severe case of the giggles. He is funny -- witty -- snarky -- sarcastic -- brilliant. I love him. 0 of 0 people found the following review helpful. Ah, the Mid Life Crisis! By Kathryn Hogan Dave Barry is so funny that not even the seriousness of his own mid life 'crisis' can slow him down! I really enjoyed this book, and as always, had to try and breathlessly explain to strangers (and my husband) that the reason I'm laughing is... (collapses in puddle of own drool, unable to finish sentence due to more laughing). Dave Barry enriches my life immeasurably! Let him do the same to your life! 0 of 0 people found the following review helpful. It's Dave Barry. of COURSE it's good. By Nathan Nelson This book is just like every other Dave Barry book I've read. It is awesome, makes me laugh out loud on quiet trains and hope to Heaven that there is another in the works.

.com Is Dave Barry going mature on us? Well, no. But in Dave Barry Turns 40, he does do some thinking out loud about the aging process, aiming his thoughts at his "career-pursuing, insurance-buying, fitness-observing, Lamaze-class-taking, breast-feeding, data-processing, mortgage-paying, Parents'-Night-attending, business-card-exchanging, compact-disc-owning, tooth-flossing" contemporaries. Funny and true-to-life, especially if you were born before 1957. From the Publisher This October you will be treated to DAVE BARRY TURNS 50 -- but once upon a time Dave turned 40. Barry captures his historic arrival at mid-life with all the wit and irreverence that makes him a New York Times bestseller. When I started reading this book I had never read Dave Barry before. I couldn't put it down. I couldn't stop laughing. This is everything you wanted to know and a few things you didn't about mid-life including -- "planning your mid-life crisis," "the joys of geezerhood" and for the "athlete" over 40, "God had a reason for creating a barcalounger."
