Romi Brenner : Dear Kale: And Other Letters I Wrote to (Mostly) Inanimate Objects before purchasing it in order to gage whether or not it would be worth my time, and all praised Dear Kale: And Other Letters I Wrote to (Mostly) Inanimate Objects:

1 of 1 people found the following review helpful. I read it, I loved it, I reviewed it, YOUR TURNBy Aisha-Kimberly HashmiA plus one hundred and 5 just for making me read a book that started, "Dear kale".... I always loved thinking I was getting a glimpse into someone else's diary, or notes and letters that someone else was writing, to someone else. GOODNESS, I hope that made sense....This book gives you that sense of snooping, with 0 percent chances of getting caught reading someone else mail, letters, notes or diary!!!! Plus, it is all in fun, and just a cute book!!! And I hope you enjoyed reading my PRIVATE review, it was only for the author, you snoop.... some people...1 of 1 people found the following review helpful. A very fun readBy Gayle BellI really enjoyed this book, it is filled with the sort of letters that I have been wanting to write to mostly inanimate objects. Ms. Brenner is spot on with her views on kale0 of 0 people found the following review helpful. a book that will make you smile.By K. GamecatI really enjoyed this book. I meant to read a chapter a day but finished it in no time. She really knows how to tell about her day.

Dear Kale is your personal invitation into a world of the most intimate sentiments towards things like Tuesday, those gigantic grocery store carts with fire trucks on the end, close encounters with hungry goats and waking up early for nothing. Drawing inspiration from the small things in life, Romi Brenner presents a fresh little book packed with uproariously funny bits that are sometimes snarky, sometimes poignant and always thoughtfully crafted. Finally someone has taken a stand about wrinkles, Band Aids with unacceptable artwork and our collective obsession with stats. She's on to you, kale, and it's time you knew the truth...
