Harmon Cooper : Dear NSA: A collection of politically incorrect short stories before purchasing it in order to gage whether or not it would be worth my time, and all praised Dear NSA: A collection of politically incorrect short stories:

0 of 0 people found the following review helpful. Highly recommended if you enjoy political incorrectnessBy Kindle CustomerI will admit up front that I am a fan of Harmon's writing. I have enjoyedhis originality and dark humor in all the different genres he has tackled.Politically incorrect short stories immediately caught my interest. He is a pretty

keen observer of the human condition and the popular mob delusions that we find ourselves faced with today. I hope he will continue the theme in future writings. Highly recommended. 0 of 0 people found the following review helpful. Four Stars By charles vitte Good read 0 of 0 people found the following review helpful. Don't bother unless looking for... By Tink on VashonCute, inconsequential bathroom read.

From the writer of the Life is a Beautiful Thing series and The Feedback Loop series comes a collection of twelve stories about the troubled times we share. In "Pedo Drew," a man loses a bet and is forced to go around his neighborhood confessing to a terrible crime. In "Go Home Student Loans, You're Drunk," the author shares an e-mail he recently received from Nelnet services, the holder of 1/3 of America's student loan debt. In "Dear NSA," a woman's obsession with the NSA finds her writing love e-mails to federal agents desperately hoping for a reply. Gun violence is the topic in "Pay to Play," a story about a corporation that matches older citizens with police departments so they can perform the role of volunteer law enforcement officer. "Tips for DEA Sex Party" is a slide show presentation telling DEA agents how to throw and attend sex parties. "The Gastronomics of Brotherhood" journeys along the intestinal tract, as a woman named Clara receives e-mails from both of her brothers, who have been fighting it out for years over things that range from the benefits of enemas to philanthropy. "The Internet Kill Switch Fiasco" is a history paper written in the 2030s about social media gone wrong, the global loss of the Internet and its aftereffects. "Feeding Governor Christie: A Love Story," is a surreal piece about a couple arguing over an Instagram likes while stuffing the Governor of New Jersey and his distinguished guests. "Rest Assured: I Didn't Sleep with Your Mother" is a letter to a man's ex-girlfriend assuring her of his new positions in life. "From My Cold Dead Hands" is a serious piece about gun violence and paranoia in Texas. If you'd like a signed, personalized copy of Dear NSA, please visit www.harmoncooper.com
