Leo Timmers : Deep Sea Doctor Dean before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deep Sea Doctor Dean:

0 of 0 people found the following review helpful. My 1.5 year old loves it. By Quiana McCarthy My 1.5 year old loves it. 1 of 1 people found the following review helpful. Visually Stimulating Children's Book By ModMom The illustrations in the book are pretty fabulous. However, there is a grammatical error on the page where the author introduces the whale character. Additionally, the plot of the book is a little lack luster, and there is no real moral to the story, but my kids enjoy it. Overall, it is a cute book.

Vivid illustrations teach little ones about friendship and underwater fauna in this whimsical picture book featuring the

adventures of the unusual Doctor Dean. Not a typical doctor, Doctor Dean's office is aboard a submarine and his patients are sea creatures of all shapes and sizes. When something goes terribly wrong, his marine friends rally around their beloved Doctor Dean and help things return to normal.

About the Author Leo Timmers is the author and illustrator of the Bookfeather Award-winning *Happy with Me*, *Supermouse*, and *Who Is Driving?*
