Adam Brewer D. D. S. : Dental Hyginx: Professional Strength Dental Humor before purchasing it in order to gage whether or not it would be worth my time, and all praised Dental Hyginx: Professional Strength Dental Humor:

Dentists beware, you may herniate vital organs due to the impending laughter.By Josh K.Finally someone has embodied the raw manifestation of the inhumane and immoral torture dental students endure in order to care for patients and tend to their dental needs in this great profession called dentistry. This HIPAA-compliant comic book of sorts displays the very humorous encounters that can be found on a daily basis by those explorers of the warm and wet, diminutive domain known as the oral cavity. Though each page feels like I'm reading my own autobiographical daily diary, I am told that that the book is mostly satire.0 of 0 people found the following review helpful. One of a Kind..! Very Original...!By Adam BrewerThis is a brand new Full color book intended for dentists by none other than a practicing dentist. Its a perfect gift for anyone that works in dentistry. Dental Instructors-- this book is perfect for sprucing up those power point lectures during class. DentalStudents-- a lot of the humor is aimed directly at you. Parents of dental students you won't find a better gift to help your budding dentist get through school. Dentistry needed this book and it turned out really well --5 stars..!

Dental Hyginx is a massive collection of drawings that focus on dentistry. The material that currently exists just didn't inspire me, so I wrote and illustrated my own book. There are probably more original cartoons (175+) in these pages

than in all of dentistry. The idea is to let Dental Hyginx out of the bag and see what kind of traction it can get. The goal is to raise funds for charity dental care and try to give what I can back to the field of dentistry. Dentists and dental students everywhere - this one is for you. So, clean out a spot on your bookshelf and check out the fresh new world of Dental Hyginx. Author Biography Adam Brewer is a dentist from southern Oklahoma. He is to blame for everything within the pages of Dental Hyginx. Dr. Brewer graduated from Creighton University School of Dentistry in 2008, and currently practices at Advanced Family Dentistry in Healdton, Oklahoma. He is not a professional cartoonist, but definitely has an affinity for creating caricature sketches. Dr. Brewer has always been around dentists, and there are several in his immediate family. Maybe that explains the contents of these pages.
