and a touch of minecraft. This is a good read for the kids, they really loved on how the Steve's adventure was set up. It would be more colorful if there were more colorful pictures in the book. Just a short read; however, this will help the kids to practice their reading and the book having set up in the world of minecraft, is the best add-on. My kids are so excited for me to download the next book. Thanks to the author for a very colorful story.0 of 0 people found the following review helpful. Definitely a good read for Minecraft Lovers!By simplyelaineThis book is worth the time reading and there was never a dull moment in every phase of events. I am not used to playing Minecraft but this book totally opened me into a world of fun, adventure, and a bit of suspense that exposed a young mind like Steve to thrive in all his challenging situations. I recommend this book not just to Minecrafters but also to parents who want to read a fun and creative bedtime story to their kids. This will absolutely bring great delight to them before the go to bed. Kudos to the author of this book!0 of 0 people found the following review helpful. I can't get enough of these Minecraft books and the kids either!By C. BrantThis was a delightful book to read. The kids also love these books. The thing that is so wonderful is that the stories are fun and exciting at the same time. The best part is that everything happens happens in the Minecraft world which I can relate with. I already love Minecraft and the creativity that this game releases in me and my kids. Though, I had no idea how much fun I would have with the stories from this book in the diary. It was delightful hearing from my favorite person in the Minecraft world!

Diary of a Minecraft Steve: The Amazing Minecraft World Told by a Hero Minecraft Steve (Minecraft Books) All Steve wants is to lead a simple life, away from troublesome neighbours and the monsters that come out at night and cause havoc. He thought he'd put his adventuring days behind him, but instead, thanks to a random encounter in a nearby village, he gets roped into a daring plan to save the inhabitants from a new and never before seen threat. Despite Steve's reluctance to get involved in someone else's fight, he teams up with a new group of friends from his new home, they set off to put a stop to the menace once and for all. Can they save the village and become great adventurers once again?
