While the book itself is fashioned like a dictionaryBy CustomerWhile the book itself is fashioned like a dictionary, the tongue-in-cheek nature of the definitions both inform and [mostly] entertain. A must-have for a cubicle office, assuming someone with no sense of humor doesn't report you to HR for having it. :)1 of 1 people found the following review helpful. Hilarious! I got this for a friend and I can't stop picking it up from their desk and reading it when I need a cheap laugh.1 of 1 people found the following review helpful. So true I could cryBy MarianneI have giggled myself silly over these definitions and some of them are also quite chilling because you do see yourself in so many of these scenarios. It also validates how soul destroying and dream killing corporate America is. Get out while you can!!! I'm

working on it myself!
