Illustrated Chicken Breeds A to Z, which is also an artistic view of many chicken breeds. (AND I have two of her Faverolles prints! Be jealous!) Having kept chickens for many years, and having amassed an embarrassing number of chicken books, these are a great, lighthearted way of seeing our favorite breeds. Sometimes you need the fun and silly in life, and this combines that with my beloved birds. I really wasn't interested in any of the other adult coloring books out there, so I was thrilled to have this! (Bought a special colored pencil set just today, so I can get to it!) Yes, the Brahma does not have feathered feet, but Sarah is going to address that in the next printing, so let's not throw stones, shall we? None of the rest of us managed to produce any books, so just enjoy the fun of coloring these delightful and creative works of art! Going to pick up a couple more to donate to my local club auction, too! 5 of 5 people found the following review helpful. We

Will be giving as a gift to another chicken loving mama.5 of 5 people found the following review helpful. This book is awesome! I love chickens and I love coloring books ...By ChloeThis book is awesome! I love chickens and I love coloring books so it's pretty hard to say anything bad about this! It's really fun, there are a lot of pages and enough detail that it can keep you busy quite a while. I've only finished coloring in one page, but I love it!!! Great job!

Inspired by Sarah's book "Chickens! Illustrated Chicken Breeds A to Z", Difficult Chickens adult coloring book features whimsical representations of 26 chicken breeds A to Z and a couple of difficult chicks. Images include Zentangle-inspired designs and decorative chickens for adult coloring enthusiasts. Coloring pages are printed on one side to prevent bleed-through. Note the new re-designed cover, but the interior remains the same.

"How AMAZINGLY ADORABLE!!!! The details are so beautiful and as a chicken keeper, this coloring book warms my heart!!! I plan to put each finished page in my coop!!!! " "Great coloring book! Great art work. Highly suggest this for anyone young or old!"About the AuthorSarah Rosedahl is an artist and recovering software engineer.
