**Scott Adams : Dilbert 2015 Day-to-Day Calendar** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dilbert 2015 Day-to-Day Calendar:

21 of 22 people found the following review helpful. I'm happy with the purchase By Kevin Saucier How much can you say about a calendar? The pages are all lined up and stuck together and it's got printed comic strips on each page. It comes with a little plastic stand so you can put it on your desk and there are certainly no complaints about Dilbert's content so, all in all, I'm happy with the purchase. 1 of 1 people found the following review helpful. I will probably buy this calendar every year By vinaigrettchen Great desk calendar. The comics are about engineers, so they would probably find it the most hilarious, but it has broad application to any office environment, and the dry wit is spot-on. It often makes me laugh out loud and is a bright little spot of sunshine in my day. The content is not only just as funny as you would expect from the regular newspaper comic, but it is also appropriate for work. Surprisingly, these two points are not always the case with desk calendars. I bought the 2014 Dilbert calendar at Barnes Noble after a disappointing 2013 with a calendar from the American version of the TV show The Office (I love The Office; it's a hilarious show, but the calendar was awful--used the least funny lines from the show and very inappropriate for work. I expected some inappropriateness, but what I did not expect were several quotes mentioning specific male anatomy--you just can't have that on your office desk in most environments). Anyway, the Dilbert content in the calendar is consistently funny and won't cause you to surreptitiously turn it around when your boss stops by to chat. I was pleased, after my good experience with the 2014 Dilbert calendar from B N, to find that sells this calendar for several dollars less. It's always great to get the same product at a lower price. I am currently enjoying my 2015 Dilbert calendar from and will be back for more next year! Would I purchase again? Definitely will. Would I recommend to a friend? Yes. Did I receive a promotional credit on this item? No. 0 of 0 people found the following review helpful. Not easy to look at By James E.

DionThe calendar may be funny but I have just discovered that the cartoonist is not. I cannot believe what he stands for. My mistake for learning this so late. Every time I now look at a Dilbert Cartoon I get a little sick.

If you work in anything that resembles an office, chances are you have coworkers who resemble Dilbert's. Maybe your boss doesn't have pointy hair, but he (or she) probably more than once has used meaningless business speak to cover a lack of knowledge--and fooled exactly no one. A guy in the next cubicle probably shows up each day just for the free coffee, and another probably works like a crazy-woman hoping for a little recognition. Dilbert creator Scott Adams includes them all. Any resemblance to your actual coworkers is intentional (and hilarious). Get a head start on each day's office craziness with this best-selling Dilbert calendar that features a full-color cartoon on every page.

About the AuthorWhat started as a doodle has turned Scott Adams into a superstar of the cartoon world. Dilbert debuted on the comics page in 1989, while Adams was in the tech department at Pacific Bell. Adams continued to work at Pacific Bell until he was voluntarily downsized in 1995. He has lived in the San Francisco Bay Area since 1979.
