Scott Adams : Dilbert 2016 Wall Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dilbert 2016 Wall Calendar:

Before retiring, they added some levity to my day and helped me keep my sanity in an insane office environment. Now that I am retired, I still enjoy using the calendar. There is plenty of room in each date block for notes to self, appointment reminders, etc. Go getcha one! 0 of 0 people found the following review helpful. Four Stars By Jack P. Bass sr. I am a fan 0 of 0 people found the following review helpful. Great Hilarious Computer/Tech World Humor By Mary Beth K. My husband, a Senior Systems Administrator, loved this calendar and I ordered an extra for his friend! If you or anyone you know loves the Dilbert cartoons in the paper and works in the tech world, chances are high they will enjoy this Dilbert Wall Calendar! Sincerely, Mary Beth K.

Is Scott Adams secretly basing Dilbert on your office, or does your office just happen to be exactly like the one in his popular strip? Let's look at the facts. Your boss does have a lot in common with Dilbert's (aside from the pointy hair). And you do have that coworker who is one deadline away from a meltdown and another who spends all day trying to look busy. But rest assured, Scott swears that the strip is all made up and coincidental. He also asks that you please disregard the hidden cameras in the boardroom. Brighten up your fabric-covered box with this beauty of a calendar. It features a large redrawn and colorized panel from a Dilbert cartoon and two supporting strips on every monthly spread.
