**Scott Adams : Dilbert 2017 Day-to-Day Calendar** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dilbert 2017 Day-to-Day Calendar:

9 of 10 people found the following review helpful. Dilbert for 2017 at a right price By Stephen Liebman I purchase this calendar every year. It is a calendar with a page for every weekday and one page for the weekend. The cartoons are typically Dilbert: pithy and very funny. The price was right. 0 of 0 people found the following review helpful. Wally Needs More Coffee! By Eric F. I work in an office, and it sometimes feels like I'm one robotic co-worker away from having a pointy haired boss. I love having a daily Dilbert calendar to give me a good laugh when I need it. The stand is stable, and there's enough space below the comic to allow for reminders. 0 of 0 people found the following review helpful. BRIGHTENS A WORK DAY By GJI give one of these calendars every year to a friend who really loves Dilbert. She says it gives her a laugh no matter what kind of a day it is at work.

The next time your own Pointy-Haired Boss asks if you're expecting any unforeseen problems, simply take a quick glance at your Dilbert 2017 calendar and make convincing reassurances that everything is under control thanks to the company's brilliant leadership. It won't really help with inane questions like that, of course, but you'll look impressive, and it'll give you another excuse to check out a Dilbert cartoon and remind yourself that things could be worse. An entire year of dodges and feeling better about your job are in this day-to-day calendar, featuring a Dilbert cartoon on every page.
