Order with confidenceBy Eric R.We run one of the most popular daily adult joke websites on the net, and as such we often feel like we've run across every tired old wheezer of a joke that's ever been written.This book proved us completely wrong; this is a TON of the best and funniest jokes now circulating, and none of the garbage. We only wish we'd thought of this first!4 of 4 people found the following review helpful. This book delivers the goodsBy A CustomerI got sick of buying dirty joke books that promised something new, but only rehashed tired old chestnuts that I heard in Junior High School. DDDJ delivers the goods. It takes the gloves off and pulls no punches. It makes no effort at all to soften the blow. There's something here to offend everyone. There are hundreds of jokes from easy to remember one liners to convoluted tales with trick endings. I keep my copy by the toilet, and review it before going out to parties or singles bars. This belongs in every bachelor's library. It lives up to its title. You will not be sorry you bought this book.
