Oscar London : Doctor Generic Will See You Now : 33 Rules for Surviving Managed Care before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doctor Generic Will See You Now : 33 Rules for Surviving Managed Care:

1 of 1 people found the following review helpful. Funny, Timeless and True By Joe Lurie Funny and true. This is timeless and timely. Things are even worse with medical care and government administration than pictured here. 0 of 0

people found the following review helpful. Five StarsBy Customer"Must reading" for all of my medical students3 of 3 people found the following review helpful. Not as good...By Randy GoldbergNot nearly as amusing, nor as heartwarming, as Dr. London's first book, "Kill As Few Patients As Possible." Still an enjoyable read, just not as much fun.

The beloved author of *KILL AS FEW PATIENTS AS POSSIBLE*—and self-proclaimed World's Best Doctor—takes on the vicissitudes of managed care in this new collection of 33 funny, insightful, and medically correct essays. From the bureaucracy (Rule 2: Don't Let an HMO Give You Nickel-and-Dime Care for Your Million-Dollar Body) to the doctor-patient relationship (Rule 17: Medicine May have Changed in 2000 Years, But Patients Haven't) to the sort of medical advice you just won't find anywhere else (Rule 28: Keep Away from Restaurants with Skinny Chefs), Dr. Generic guides you through the outrages of managed care.

About the AuthorOSCAR LONDON, MD, is the pseudonym of an internist who practiced in Berkeley, California, for 30 years His humorous essays appeared regularly in the San Francisco Chronicle.
