William W. Forgey : Doctor's Little Book of Wisdom: Filled with Dr. Forgey's Valuable Tips Gathered from His Personal Experiences Being a Family Physician before purchasing it in order to gage whether or not it would be worth my time, and all praised Doctor's Little Book of Wisdom: Filled with Dr. Forgey's Valuable Tips Gathered from His Personal Experiences Being a Family Physician:

0 of 0 people found the following review helpful. Good Book for Quick ReferenceBy Rebecca HendersonThis is a great book to read and review every once in a while, if you're not a professional in the medical field. If you're having a medical emergency, however, this isn't the type of book you'd want to consult - and the author would quite agree with that. You can easily read it in an hour, and that's an hour that is well worth your investment of time.1 of 1 people found the following review helpful. Little book of wisdomBy KosovarIt is a very useful book to have and in my opinion every family should have a copy of this book.IT has over 300 medical tips most of them that could save your life.

Tips gathered from the personal experiences of a successful physician over the past twenty years. In short and sweet sentences remember important practices to prevent disease and accidents that doctors commonly treat. The ounce of prevention that will provide a ton of cure. William W. Forgey, M.D. is known as The Father of Wilderness Medicine and resides in Crown Point, IN.
