found the following review helpful. Fun for allBy KariBought for the daughters of a friend (8, 10, and 12). They are huge Dr. Who fans and it worked perfectly with the 3 of them to have one ask for the needed word, one to write them down, and one to read the finished stories. When the Daleks gave a war cry of "Wow!" they all burst out laughing and scolded my fiance for not being creative enough.2 of 2 people found the following review helpful.
