A must read in the series.0 of 0 people found the following review helpful. Me encanto!By C. Kramer SantamariaEste libro era muy chistoso y le encanto a mi hija de 7 anos. Me gusto cuando Judy moody examino su gato Mouse!3 of 3 people found the following review helpful. Un Libro BuenoBy T. GillumHi,I am a high school student. I am in a Spanish 4 class and absolutely love reading the Judy Moody books in Spanish. Children's books are just the right level of Spanish for me, not too easy or too hard. I loved Judy moody when

I was little and am happy to have an excuse to read them again, only this time in Spanish. I plan to buy more Judy Moody books in Spanish in the future and is great because has the whole series. If you are looking for the copy in English follow this link: [Judy Moody, M.D. \(Book #5\): The Doctor is In!](#) Oh, if you are trying to learn Spanish too, I recommend getting books in Spanish on your Kindle. Reading is such an enjoyable way to learn a language. Also, getting a Spanish to English dictionary application for it is a great idea. It is so nice when I am reading, for example "El Mago de Oz", to look up a word without interrupting the story. Kindle, Wi-Fi, 6" E Ink Pearl Display Merriam-Webster's Spanish-English Translation Dictionary, Kindle Edition EL MAGO DE OZ (Spanish Edition) If you have a son there are also books from the point of view of Judy's little brother "Stink". Stink y el Gran Expreso del Cobaya/ Stink and the Great Guinea Pig Express (Spanish Edition)

Judy Moody has a mood for every occasion, and in her latest adventure she is in a medical mood! That's because her class is studying "the amazing human body." Judy, who idolizes Elizabeth Blackwell, first woman doctor, can hardly wait to begin her science project.
