Chelsea Cain, Marc Mohan : Does This Cape Make Me Look Fat?: Pop Psychology for Superheroes before purchasing it in order to gage whether or not it would be worth my time, and all praised Does This Cape Make Me Look Fat?: Pop Psychology for Superheroes:

0 of 0 people found the following review helpful. Ugh. Complete waste of time.By JDNot the least bit funny. Nor useful in any way. I've read many books on comics and there's pretty much absolutely nothing here. I love her work on Mockingbird -- THAT'S funny! And well written otherwise.How could the same person have written both pieces?2 of 2 people found the following review helpful. LOL!By D. PoolThis is quite possibly the most funny thing I have read

for pop-psychology ever. I loved it! This is set up as a manual to new super heroes wanting to be prepared for the psychological trauma they might get into being a super hero. This is even a fairly good study book, if you want a break from undergraduate studies, but still want something to keep your mind on psychology. I absolutely loved the dealing with side kicks, mentioning that most are orphans so what to expect from them. Also almost every page has wonderful drawings, making it just fun to flip through. 1 of 1 people found the following review helpful. Hilarious! By Naida L. I took this to work and we laughed all day. It is a wonderful spoof on Super Heroes. I gave it to my artist-son and he is sharing it with all of his friends. I've given it as gifts to three friends who have requested I buy more to share. It is the most fun I've had in a long time. If you are a Super Hero comic book lover, this is a must-have for your collection.

Saving the world is hard enough, but what about the tests of inner strength faced by today's harried superhero? Unafraid to tackle the tough questions, *Does This Cape Make Me Look Fat?* offers illustrated self-help guidance for the caped crusader on the subjects of costume choice and self-esteem, guilt and x-ray vision, getting along with a sidekick, thriving in the team environment, negotiating a secret identity at work, and more. The action-packed, comic book-style illustrated advice will help heroes conquer fear of flying, get in touch with super feelings, and choose the nemesis that's right for them. Also including practical advice for avoiding lawsuits, coming up with a good catchphrase, and maintaining super hair, this hilarious self-help manual—and sly pop psychology satire—brings the help heroes need right to their gloved fingertips.

About the Author Chelsea Cain and Marc Mohan use their super powers to protect and serve the greater Portland, Oregon, metropolitan area. Lia Mitermique's illustrations leap tall buildings in a single bound. She lives in Portland, Oregon.
