Where else are you gonna read about Flatulence Poisoning or where Godzilla is currently hiding out? Dog-Almighty! is a collection of essays written while in the depths of depression. But have no fear, there is only laughter here. If there is an upside to depression - this may be it; the ability to see life from a completely skewed angle. Think of it as William Styron meets Dave Barry. (Shhhh! Reader beware: when she comes out, she takes no prisoners.)
