Another great book!By Montzalee WittmannIt Came from the Diaper Pail (Dog Eat Doug #2) by Brian Anderson is another funny collection of Doug and Sophie. They remind me of a younger version of Calvin and Hobbes. I get a giggle out of them and their antics. Some of them are sooo true they are funny. Great book.0 of 0 people found the following review helpful. Cute and funnyBy stargazerLots and lots of funny and entertaining comics. Some are in Black and Black and others are in full color. Very nicely drawn and illustrated. Love the baby and the dog. Really loveable characters with unique personalities. I had to zoom in on some to read the words because they are small. This is better viewed on a tablet device or a bigger screen. This gave me hours of laughs and entertainment. Recommended if you are into the comic strip thing.3 of 3 people found the following review helpful. Funny and RefreshingBy CustomerI love it. It's very funny and entertaining. Written from the point of view and in the voice of the dog. Great perspective. I did get it for free on , but I am planning to buy more of his books. Wish this strip was syndicated in my newspaper so the I could read it everyday.
