Spruce : Dog Hair before purchasing it in order to gage whether or not it would be worth my time, and all praised Dog Hair:

It's often said that dogs can start to look like their owners. See who inspired these pampered pooches. Dogs can be fashion victims just like the rest of us. Take yourself on a journey through the highs and lows of doggy hairdos, including mullets, perms, sleek bouncy locks and mohawks. Delve into the hair-raising delights of man's best friend with this in-depth look at canine coiffures - from super cute to super silly, iconic hairstyles of the last century are recreated 'doggy style'. Taking inspiration from celebrities past and present, 75 brave dogs model both classic and cutting-edge hairstyles for your amusement and enjoyment. A hilarious insight into the ongoing aesthetic similarities

between the human and canine populations - the perfect gift for dog lovers and fans of the absurd.
