**Pascale Lemire, [dogshaming.com](http://dogshaming.com) : Dog Shaming 2015 Wall Calendar** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dog Shaming 2015 Wall Calendar:

Good Deal By Mediaman As one who has always liked dogs... and wondered what a dog was thinking when they stare at you and move their eyebrows up and down... make their tongue go in and out... but hopefully are not "licking their chops"... the variety of dog photos with signage is entertaining. The only reason for 4 stars is that most of the signs brought a smile... but nothing struck me as really funny... but that is probably just my sense of humor. Good quality paper... and construction... lots of room to write events, etc. 0 of 0 people found the following review helpful. Two Stars By Nancy Rollins Not even close to the best ones I have seen. Not even using it. 0 of 0 people found the following review helpful. Cute, simple gift. By Erica Kimberly Cute, the format could leave something to be desired, and I think there were funnier memes from this website they could have chosen, but you get a nice funny range and lots of lots of different breeds of dog to look at. It was a present for a coworker at the animal shelter and she was very amused.

Some dogs chew on shoes--and some dogs eat holes through dry wall. Some dogs steal a treat now and then--and some dogs devour Thanksgiving's pumpkin pie. And their owners are happy to call them out on it, finding their outlet in [dogshaming.com](http://dogshaming.com). At [dogshaming.com](http://dogshaming.com), owners reveal their dog's outrageous behaviors, complete with snapshots of

ridiculously cute dogs looking somewhat shamed. Each monthly spread of this calendar features some of the funniest doggie misdeeds submitted to the popular site.
