He loves his dogs so I thought this one would be fun for him. He was really happy to receive it and said he couldn't wait until the new year started so he could get a few laughs. I got him an Urban Dictionary desk calendar last year and that didn't work out very well - we had to check it every day to make sure it was politically correct enough for the office! He was worried that HR would call him out! So hopefully, he won't have that issue with this one. We'll see!0 of 0 people found the following review helpful. A great way to start your day!By D. CrandallThis is my second year of buying the Dog Shaming day-to-day calendar. Every once in a while there is a really over-the-top gross one, but most days it makes me start my day with a smile.0 of 0 people found the following review helpful. Cute, but not gut busting humorBy AshleeSome of the shaming photos are cheesy and not as humorous as several I've seen on random internet posts. For the money I paid, I'd like to be laughing pretty hard at least once a day. Still, it's cute and every four or five days I really appreciate the material.

Dogshaming.com is party central for the phenomenon that is dog shaming, where owners submit photos of their dogs with a sign detailing their latest bad behavior. But usually, the guilty party is just too darned cute to stay in the doghouse for long. The Dog Shaming 2017 Day-to-Day Calendar features an all-new selection of full-color photos from the site's funniest cute-but-criminal pups. A variety of dog breeds are included.
