You want it ~~!!**By Cynthia StoughBecky Torres unique puppy book is definitely one of my fave dog coloring books~~!!** Every one sided page is adorable~~!!** You will need bleed through protection if you are a marker or gel pen lover. Awkward designsBy CustomerThis coloring book would be a lot more fun if the lines for the dog's bodies were not there. My preference would be to have the dogs shaped out of the coloring pattern not slap a pattern in the dog shape. There are awkward lines interrupting the fun patterns. Gave this book to my daughter.1 of 1 people found the following review helpful. Very cute gift for dog lovers, the cover represents the images inside the coloring book.By CustomerThe images in this coloring book are just as cute as the cover image! We have to put blank sheets behind pages to be colored with Sharpies because the bleed

thru will ruin the next page. Really cute dog images, just like the cover but with different dog species.
