A very fun read!By Kathy GovreauA very pleasurable read! I love his sense of humor and of course, the animal stories! I can't wait to read the rest of the series!2 of 2 people found the following review helpful. Don't turn your back on this book!By StephanieBDon't Turn Your Back in the Barn is one of the funniest books I've read in a long time! It had me hooked from the first chapter and his writing style reminded me of James Herriot. I appreciated the fact that he not only included his successes, but his failures too. He went to show that in the life of a medical care provider life doesn't always have a happy ending. This is definitely a must read for anyone who loves animals as much as I do.

The book is an account of my first 8 months in veterinary practice. It is a humorous account of the people and animals that I dealt with in that time.
