Donna Sue Boxcar : Donna Sue's Down Home Trailer Park Bartender's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Donna Sue's Down Home Trailer Park Bartender's Guide:

Slammer, Whiskey Sour, etc. The recipes here are pretty standard run of the mill. The chapters are your various drink types: Tequila, Scotch, Vodka, etc. with the author writing a page or two of personal stories, mostly sexual in nature; all done in a Southern drawl read. Lot's of words containing an apostrophe: ain't, standin', dressin', durin'...you get the idea. But what SAVES this book from anonymity are the dozen or so photos of the cast of characters mentioned in these stories about the Blue Whale Strip Club. These are truly some of the worst drag queen attempts of all time. I was howling! However, life is enriched by people like these who 'be as they are'. 1 of 1 people found the following review helpful. Totally hilarious and worth the few dollars. By A. Schau This book not only gives you some good recipies, but comes complete with a really good side-line commentary that reads well and keeps you laughing. Pictures included of the people and places referenced to give you an idea of those mentioned. Worth the read sitting next to a pool or in front of a fire place, beyond the good mixtures of drinks to share with your friends. I ordered this book looking up the name "Donna Sue" after someone I know... this was the first thing on the screen. We laughed, so i ordered it. 2 of 2 people found the following review helpful. More Boxcars. By Patricia Raines Donna Sue is as funny as Ruby Ann! If you want to be cheered up, this is the book. I've bought several to give to friends who are seriously ill and all have enjoyed them as I have.

Book by Boxcar, Donna Sue

From Publishers Weekly Following in the footsteps of Ruby Ann Boxcar (Ruby Ann's Down Home BBQ in Cookbook), sibling Donna Sue Boxcar serves up the liquor to go with her younger sister's cooking. But the outcome isn't quite the same-the asides aren't as witty (mostly, they are straightforward, but with g's lopped of the end of words, as in "marryin' your own cousins"). Many of the drinks might actually please drinkers who don't live in trailer parks, though. Boxcar, who works as a barmaid and exotic dancer at the Blue Whale Strip Club, opens her book up with a toast: "May your glass always be full and your bottom up." After a solid primer on stocking the bar and bartending tips ("don't be afraid of tastin' a guest's drink before servin'... but never take a sip from a guest's glass, unless you know for sure he's in the bathroom"), Boxcar breaks down chapters by alcohol type, offering her own mixes alongside traditional drinks: there's the Quickie (bourbon, white rum, triple sec), the Italian Surfer (brandy, amaretto, pineapple juice, cherry) and the Stripper's Slipper (gin, triple sec and several juices). The often funny photos might warrant a toast, such as a photo of stripper Ms. Amy with a pet slug on her shoulder, which prompts Boxcar to recall her own animal act: "I was performin' and a cockroach fell out of my bra."
