Veronica Gabriel : Doodlettes - Adult Coloring Book: A Collection of Abstract Faces (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doodlettes - Adult Coloring Book: A Collection of Abstract Faces (Volume 1):

This coloring book is designed as a starter book for the beginning colorist. The details are not overly intricate, so there is plenty of room for coloring with crayons, pencils, markers, gel pens, etc. All of the concepts are drawn by hand, and no measuring is involved, so expect a more homemade touch to them. Featuring 30 abstract faces to color, beautifully

adorned with a variety of flowers or patterns. In addition, each drawing is on its own separate sheet. Enjoy, and let your creative side shine through!
