I love getting an idea of a designers style based on this book. I have a couple of books by some of the artists and I can verify that the design in this book is very much in keeping with the book I own by them. Seeing some of the work has convinced me to pick up a couple of other artists who are already published and to be on the lookout for several more by mid-2016.The designs are all various takes on the holiday – with most giving a nod to Christmas. There is at least one that I think may be more of a holiday solstice concept. I must admit I was looking forward to a Christmas book by Suzy Joyner so I was happy too see her gingerbread man design in this book (though, please, give us a Christmas

book, too!)The book is printed on a good quality but thin bright white paper. The designs are printed on one side of the page with the backside left blank. I will definitely put a piece of freezer paper or card stock behind the page as I work as all markers and gel pens leak through. My coloring pencils do a good job on this paper as well. While the pages are not perforated, it doesn't appear that it will be difficult to remove them from the binding. The binding is glued rather than sewn. Only one of the designs merges into the binding and that part of the design is not integral to the whole concept. Most of the designs have a frame around them and all but the one have plenty of space if you wish to cut the page out of the book.0 of 0 people found the following review helpful. Treat yourself to this holiday samplerBy Peggy TibbettsStress-relieving adult coloring books are the hot new trend this year. If you have been thinking about trying one of the many on the market, there's no better time than the holiday season. But how do you choose the best coloring book for you? A sampler is a great way to try out a variety of artists while at the same time help you determine your likes and dislikes with the whole coloring experience. Blue Star's new seasonal sampler, "Holiday Parade" features 24 different holiday-themed designs by 24 artists. All of the artists either have coloring books published or soon to be published with Blue Star. From graphics, to anime, to stained glass, cartoon, folk art and fantasy, there is artwork to please anyone's preference. Be sure to sharpen your colored pencils because each unique holiday scene contains plenty of intricate, stress-relieving patterns. The coloring pages are one-sided so you can cut them out to color and display. Treat yourself or a friend to "Holiday Parade: A Christmas Adult Coloring Book."0 of 0 people found the following review helpful. This book is a low-medium challengeBy Pamela B. DeweaseThis book has large pictures, and will take little time to color. It would be bestfor teen age folks, or for adults that need large print.

Holiday Parade isn't just another coloring book – it's a veritable parade of unique holiday-themed coloring designs, each drawn by a different Blue Star illustrator and each showcasing the artist's distinctive style, smarts and sense of humor. Like an overstuffed stocking on Christmas morning, this adult coloring book is filled with treats that are sure to delight beginner and expert coloring enthusiasts alike.
