do you get to read about a worrisome topic--retirement--with a sprinkling of great humor? Not enough. Ginther gives great coverage of issues dealing with retirement and keeps you laughing as you read. Great mixture of the serious and the humorous. Ginther examines many issues of retirement that other authors overlook. Treatment of the topic is given an honest, I've-been-there view. 0 of 0 people found the following review helpful. Holy Sh**, Sherlock! You're retired, now what? is a timely and clever book that focuses on making sense out of important issues facing soon-to-be-retired members of the Baby Boomer generation. The author moves between significant topics (Medicare, Social Security, and Wills) to equally important but less serious subjects (being happy, laughing every day, de-cluttering and downsizing) while weaving in some matters of the heart (love, marriage, emotional baggage and dating) during the retirement years. Holy Sh**, Sherlock! You're retired, now what? is a prelude to some of what retirement may have in store for each of us and a glimpse into less often discussed ideas such as protecting digital assets, finding lost pensions, and preparing for some of the emotional changes of retirement. B. A. Ginther is a mischievous author who, alongside powerful thought-provoking topics, dishes up her personal humor and, for the reader's entertainment, has added a number of very funny jokes to every chapter. Taken all together the book conveys the not-so-subtle message that above everything else the most important rule of retirement is to have fun! With a reader friendly format, relevant topics, a lively writing style and brimming with humorous stories and jokes, Holy Sh**, Sherlock! You're retired, now what? offers retirement wisdom that you will not get from a financial adviser, your second cousin Harry or even Shirley at the office. Each chapter includes a number of resources and a good dose of humor to help the reader create a solid foundation for a long, satisfying and successful "happily ever after...!"

About the Author B.A. Ginther grew up in a small town in the upper Midwest. She spent 38 years in the field of education as a dedicated social studies teacher, Staff Development Coordinator, Quality Compensation Coordinator, Interim Executive Director of Teaching and Learning and a self-proclaimed Director of Fun at a high achieving suburban district near Minneapolis, Minnesota. While her work in each of those areas was noteworthy and often met with acclaim, her real passion was (and is) to make people laugh. B.A. Ginther lives happily ever after with her husband in a retirement community in Gold Canyon, AZ where she has found a new audience for her old jokes (or is that an old audience for her new jokes)...whatever!
