Alyce Faye Bragg : Homesick for the Hills before purchasing it in order to gage whether or not it would be worth my time, and all praised Homesick for the Hills:

1 of 1 people found the following review helpful. FantasticBy LanieI grew up just a few miles from Ovapa, maybe even more back in the mountains. All her books take me home again and I read them over and over. I only wish all children had the opportunity to grow up like we did and be able to enjoy the outdoors and family. Seems like picnic

lunches by the creek are a thing of the past, along with apple butter, stringing beans on the front porch (this was our entertainment!)and Sunday Dinner at Granny's with all the cousins to play with. Really miss those "good old days"0 of 0 people found the following review helpful. Four StarsBy Readerexcellent read0 of 0 people found the following review helpful. Five StarsBy Willie BeardAAA

This collection of columns are woven with a nostalgic note of how life used to be in the hills of Clay County, West Virginia and underlines the longing of those who have left the country life to come back home again. It describes accurately the land, its people, and their country ways.

This book is heartwarming, nostalgic, and realistic in its portrayal of the hard times, the joyous times, and the sad times of country life. It depicts the beauty of West Virginia and the humour and grit of the people that live in Her hills. A wonderful read for old and young alike. Whether city or country bred this book is sure to make you laugh, cry, and rejoice in being alive. -- Lisa ContrerasAbout the AuthorAlyce Faye Bragg still resides at Ovapa with her husband Criss. In addition to their six children, they now have a total of twenty grandchildren and two great-grandchildren. She not only writes about the country life, she also lives it.
