put together a great amount of humorous, sidesplitting and very interesting puns from so many categories. He is truly one of the best punsters around. I enjoyed his book immensely and have bought a number of them for gift giving to friends relatives. It is also a great book for a person who is looking to do mind exercises. It keeps your mind active and constantly seeking and searching for the right fit using words. Loved the book and highly recommend it. James Kousoulas Ph.D1 of 1 people found the following review helpful. Review from Closed the CoverBy Ashley LaMarPuns are a funny thing. Readers either love them or hate them; rarely does someone find themselves feeling indifferent toward puns, wordplay and satire. David R. Yale's witty wordplay book, "HomesPun Humor" is hilarious to pun-lovers like myself and is guaranteed to elicit more than a few chuckles. Yale's earlier book, Pun Enchanted Evening, won the 2011 Global eBook Award for humor which caused expectations to be high for his second work. HomesPun Humor doesn't disappoint and is sure to be loved by anyone looking for a light-hearted work of humor. The book includes very clever definitions (or daffynitions) of words such as: Clap-board: Type of siding performers like on their houses Tap Dancing: When water waltzes out of the faucet Base Bawl: When a T-Ball player breaks down after he is tagged out at first base. There are also very witty short stories that always end with a humorous play on words and leave readers giggling aloud. The punchlines always deliver and that is what helps to make this entire book a winner. All that can really be said about this book is, "If you are looking for a book to make you laugh, that doesn't require a heavy time commitment and will bring a smile to your face then pick it up and enjoy!" It is exactly as it claims to be – a compendium of guffaws, giggles and mirth. Review by Ashley LaMar Closed the Cover1 of 1 people found the following review helpful. David has carved out a niche for himself few could top By julie whiteley Homes Pun Humor by David R. Yale is a Healthy Relationship Press publication, released in September 2013. I received a copy of this book from the author in exchange for an honest review. We've all heard that phrase "No Pun Intended". In this book the pun IS intended. There are over one hundred pages of puns and plays on words. I am amazed that David can think up this many puns or "quips". I like to keep this type of book around for many reasons. For one thing, it makes me think a little. They are good brain exercises. Secondly, these are funny! Who doesn't like a good joke? There were only a handful of these phrases that you wouldn't want to repeat to your grandmother, but mostly these are jokes that can be told to any audience. This type of book doesn't have to be read all at once. In fact, I didn't just sit down and read it cover to cover like I would a novel. I picked it up and read a little of it in the evenings until I had read all the jokes/puns etc. Certainly, there are few that are "cheesy", but that actually made them even funnier. But, there were some that had me groaning and rolling my eyes. LOL All I can say is that the author has a unique talent for word plays and has carved out a niche for himself few could top. Overall this is a delightful book to use if you need a clean joke for an occasion, or if just want a chuckle or two, or to give your brain a workout. I give this one an A.

This winning combination of very funny puns and clever satire is the latest collection of wordplays from Champion punster David R. Yale, whose earlier book, Pun Enchanted Evenings, won the 2011 Global eBook Award for humor. Yale's collection of 823 wildly original word plays includes droll daffynitions that turn your understanding of common words insight out, and playful pun stories with priceless PUNchlines. Covering almost every subject from airplanes to zoology, Yale's puns about doctors, relationships, cats dogs, lawyers, teenagers, food, knights, Greek gods, writers, farmers, bankers, politics -- and lots more -- guarantee a full 1,000 gigglebytes of belly laughs. In addition to Yale's puns, and information on new scientific studies proving the mental superiority of punsters, HomesPun Humor showcases the work of 16 of the world's best punsters, including O. Henry Pun-Off, Punderdome®, and Punsr champs! In addition, HomesPun Humor reveals confidential insider information you won't find anywhere else: * The secret of efficient hay farming? (Slow mow shun!) * The name of an opera about smiling cows. (Low-and-grin!) * Why the army won't serve second helpings of ice cream. (That would be re-treating!) * What must you never plant on a green roof. (Leeks!) * Leading doctor's secret for getting over the gripe. (Study French. You'll soon become flu went!) * What do you call a stolen Venetian boat? (Gone-dola!) Punsters and language lovers will find it hard to put this book down. But Yale's entertaining style makes it impossible to overdo wit!
