Hope For Paws is a nonprofit rescue organization that services Southern California. Over the 8 years since Eldad Hagar has founded his team, they have saved thousands of animals in need. I created this book as a tribute to 20 of Hope For Paws most successful rescues. Every puppy has his own story, from beginning to happy end. A page full of

beautiful photos that portray the dog's rescue adventure, as well as a beautifully detailed portrait of the sweet baby for you to color. If coloring is not your cup of tea this book is still a must have for any animal lover's collection. Sit back in your most comfortable chair with your fur babies and join us on 20 inspiring adventures of love and hope. The best part of all, is that this book's proceeds will be donated to Hope For Paws so that they may save even more sweet souls from the streets and kill shelters. We will also be releasing a black and white version for those of you on a budget. Do not fret because I have included color photos of the 20 furry friends on the cover so that you can see what beautiful dogs Hope For Paws has helped them become.
