I laughed out loud at times and felt like Gail McWilliams was right there with me on the bus sharing my day. My favorite chapters in the book were "reaching" and "Ants." A quote which has stuck with me is "Worry is placing faith in what might happen. Hope simply says, but what if it doesn't?" A must-read for anyone in need of encouragement. I look forward to reading more from this author.0 of 0 people found the following review helpful. "Hope Sees" is a must read!!!By Tommy Lindsey"Hope Sees" is a must read! It is truly a book of encouragement and hope. We all want to live an exceptional life and Gail helps us put things in perspective and have vision, even though she has lost her physical eyesight. Gail helps us to see the best in every situation, by keeping our eyes on God and His plan and purpose for our life. I need to get more copies so I can have them on hand to give to friends and people who are going through hard times and need hope. The hope found in Jesus Christ!1 of 1 people found the following review helpful. take your blinders off and see with Gail McWilliamsBy LifesabookQuick and easy read while rich in encouragement and transparency, this book is a must for anyone who feels stuck or hopeless. When the white noise of your fears and anxieties tries to drown out hope, hope softly whispers, "Don't give up!" There is no road or path you travel where hope does not reach to steady you. Hope can seem risky business when you feel

disenchanted, especially when life seems blurred by tears. Hope is an anchor of the soul, an essential life partner that enables you to ride out storms and make adjustments when rising tides threaten to throw you off course. Hope hoists its sails in the midst of turbulent winds. It helps you safely navigate the open sea of possibilities. Hope always sees a better way. Hope is the wide-angle lens through which you can clearly refocus to once again see the big picture when life's urgencies and emergencies have blindsided you. Hope will never abandon you. It has the uncanny ability to appear in the most hopeless moment. Hope is much more than a wishful thought or dream. Hope sees beyond obstacles, challenges, and disappointments.
