A. Bronwyn Llewellyn : Horse Crazy: Women And the Horses They Love before purchasing it in order to gage whether or not it would be worth my time, and all praised Horse Crazy: Women And the Horses They Love:

1 of 1 people found the following review helpful. Horse CrazyBy Barbara StanfieldThis is a great book for reading while you have to wait. I take the book to the laundromat and read while the laundry is going. The stories are interesting and refreshing. The stories are well written and I feel like I am right there with the subjects. I recommend this book to anyone who likes horses. There is humor, excitement and drama. I bought the book at .0 of 0 people found the following review helpful. Great book if you love horsesBy DEE-NYGreat book if you love horses.10 of 10 people found the following review helpful. Horse Crazy - A Stress Relieving and Fun ReadBy P. LivingstonIn the rush of Christmas shopping, I looked at a copy of "Horse Crazy". I was thinking of a last-minute gift for my school's generous

and good-natured receptionist who adores her aging horse. Impulsively, I bought a second copy. Just in case someone showed up at my house with an unexpected gift, I could save face with this book. But instead I left it next to my sofa. Sometimes I am daunted by books. My intention of being absorbed by a 500 page book are often foiled by multiple preemptions. But this book allows me to disappear into well-written, funny and touching stories written by smart, simpatico women. I especially liked "It's Only a Paper Horse" by Stephanie Losee. My favorite image is when she describes her husband trying to please her horse-obsessed daughter's requests for drawings. She says, "Tom's sketching abilities were limited to the creation of a single cartoon fish, which he drew over and over in a vain attempt to be useful." That so resonated with me as a parent, and also made me chuckle. So I highly recommend this book as a fun, touching, well-written book of stories. Even if you don't adore horses.

Many women fall in love with horses as girls and never lose their admiration for the beauty, dignity, wisdom and whimsicality of the creatures. In this volume, 50 women offer their stories of the path of equine wisdom and the benefits of a good relationship with a loving horse.

About the Author A. Bronwyn Llewellyn indulges her horse craziness by volunteering at a therapeutic riding centre as well as writing many popular books on the topic.
