Straight From The Doggie PersonalsBy Joleen AndersonMany dog owner's give their best friend everything they think they want; however, this time Rover (or Roxie) speaks out about what they are really in need of, a partner! With creatively posed pictures and to the point portraits of their ideal mate, these "Hot Dogs" will win the hearts of every dog lover and a few hard core cat lovers.

Why should humans be the only ones lucky in love? Dogs need a little devotion, too—and they're barking up the right tree with these charming personals. They cater to canines of all types: sires or dams, purebreds or crossbreeds, altered or whole. Whether a doggie is hoping to hook up for a romp in the park, to prowl the back alleys for delicacies, or just to lounge lazily on the deck with the humans, there's a match made in dog heaven right here. Featuring hilarious color photographs of pups of all shapes and sizes, it will help Fido and Fifi find their soul mates, companions, or flings.

What a great gift for Rover...and his owner, too!
